

Kriah Fluency for a Lifetime

The fundamental Kriah method
enabling hundreds of students to achieve
long-term hatzlacha in learning

HASKAMOS FROM

HaRav Elya Brudny • HaRav Boruch Hirschfeld • HaRav Binyumin Eisenberger • HaRav Akiva Kaplan

When Kriah is taught as a code

- Letters representing consonant sounds.
- Some letters differentiated by just a dot.
- Dots & dashes representing vowels
- A shva that can be either loud or silent, but doesn't look any different.

When children are taught to read using this concept of representation, they are learning a code.

What happens when a child can't crack it?

As an irreplaceable part of Am Yisroel, we were each created with the tools to read properly & spend our lives immersed in learning Hashem's Torah.

Kreated for Kriah

is a program designed to take advantage of the amazing simplicity and wisdom involved in building the words of Lashon Hakodesh so that we can each accomplish the goal we were created for.

Based on Sifrei Kodesh and incorporating the latest advances in education, K4K is a tool used by mechanchim & parents worldwide to ensure that every child, teenager, and adult can learn to read Lashon Hakodesh fluently and accurately.

The K4K Approach

Simplicity & Wisdom

Getting rid of the decoding process & teaching the reader to discover the simplicity and wisdom in Lashon HaKodesh.

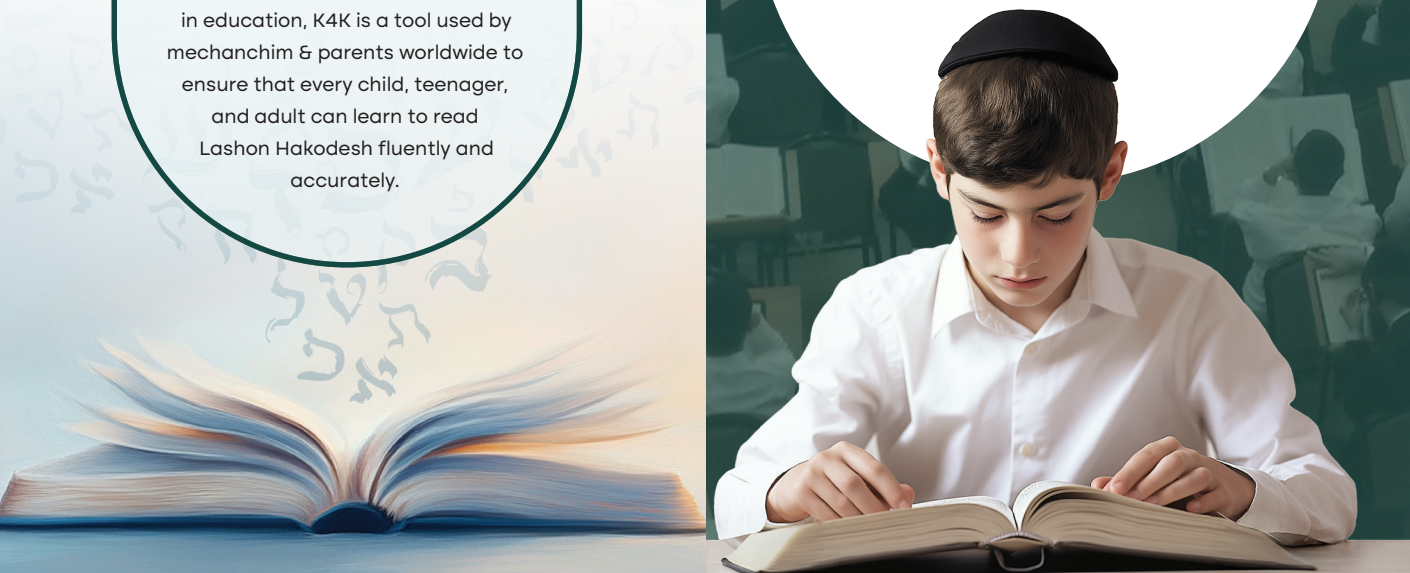

Life & Logic

Eliminating memorization by introducing the reader to the life & logic in each letter as they learn to watch each word read itself.

Lifelong Learning Success

Teaching the reader properly without measuring against grade-level standards that can severely get in the way of sustainable growth in learning past the elementary school years.

How It Works

Program Overview

The K4K program consists of multiple concepts & steps that the reader progresses to on his journey to proper Kriah fluency.

Words

- The syllables, letters, and nekudos that make up a word
- The relationship of the אות & its תנועה

Letter Names

- Strong knowledge of the base 22 letters and their order Consistent naming of 27 אותיות shapes within 10 seconds

Letter Sounds

- The sounds that form when air is constricted and shaped at one of 5 gates of the mouth

Letter Dots

- A single intuitive concept for all דגש קל sounds and שׁשׂ

Isolated Syllables

- Nekudos that show invisible properties of letters - either their movement or absence of movement

Syllables in a Word

- The basic concept of שוא explained to eliminate the need for memorizing rules

Words as a Unit

- How syllables are brought together to form single-entity words

Guided Phrases

- The main components of the trop system to guide in formation of phrases and levels of the standard pasuk structure

Anticipations

- Explanation of the most commonly found grammar rules

Pointless System

- Tools to use when reading text without nekudos

Other Scripts

- Rashi & script letters and their relationships to the original אותיות
- Foundations of Lashon Hakodesh for the English speaker

Words of the Rebbeim who completed the course, "It's the difference between night and day!" **The children are eager to go to the sessions and don't feel burdened and taxed by the work.** I recommend anyone who wants to help students read to look into this course."

*Rabbi Yehuda Brecher,
Menahel, Yeshiva Ketana of Waterbury*

Our son has been learning with Rabbi Weinstock for a few months now and the growth he's had is remarkable. **His reading, comprehension, and confidence is through the roof.** This program really built him up and we could not be happier with the results.

Parent of 5th grader, Chicago, Illinois

"This course will enable the trainee to teach reading to his students quickly, simply, and efficiently, and in a way that the students will enjoy the logic. **The rules resonate and don't have to be remembered as a list.** No complex material or preparation needed and no tedious repetitive drills on the part of the student."

*Rabbi Efrayim Shraga Shain,
Director of Curriculum, Yeshiva of Greater Monsey*
